Subject: Wilpinjong -Meeting with OEH

David

Spoke to Steve Cox – he advised he and David Geering would be available to come down to Sydney next Monday 5 December 3pm to discuss rehab and appropriate BVT's for regent honeyeater habitat.

Can you send out an invite with location details to Steve and David. Also if appropriate, for DPE to attend to Matt and myself (one of us would be able to attend).

Thanks

Steve
